Subject: Proposed Duke Energy rate hike

Dear Commissioner Fleming,

I am writing to urge you to vote against the proposed Duke Energy rate hike. This hike is example of corporate indifference to the customers they service. In these tough economic times it would be a travesty of justice to permit this increase. This increase is being opposed by the Attorney General of North Carolina and this state needs to follow that opposition.

I have been subject to extraordinary insurance rate increases approved by the SC Insurance commission. They rubber stamped a horrendous increase of 57% on Long Term Care premiums which was totally unjustified. Please do not agree to that kind of irresponsible decision in favor of the Duke energy proposal which I feel will be detrimental to the citizens of this state.

Thank you for your consideration.

Sincerely,

Morton H. Steinberg
Moore, SC
